

**For the MaxVal's Patent Family Tree to work, please update the Java settings as outlined below.**

### **Adding MaxVal's URL in Exception "Site List" of Java Control Panel**

Step 1: Open the Control Panel from Start menu.

Step 2: Open Java Control Panel by clicking on the Java icon and go to "Security Tab".

Step 3: Click on the "Edit Site List..." button.

Step 4: Click "Add" button and enter the URL: <http://www.maxval.com/> as shown in the below given figure and click "OK" buttons in both pop-up windows.
